

Summertime Fun Recycling

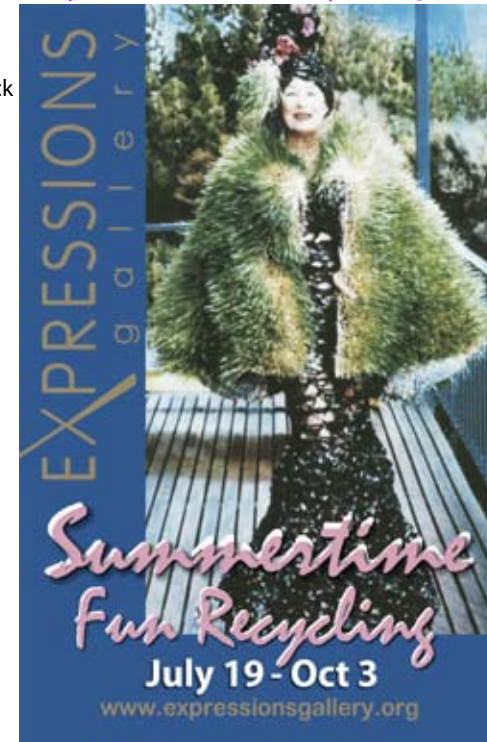

OPENING RECEPTION SATURDAY, JULY 19, 6-8 PM

Show Runs July 19-Oct 3

This show brings together the works of over 60 local and international artists whose work focuses on raising our awareness about global warming, climate change, glacial melting, vanishing species, pollution and other coming environmental changes; as well as ways we can address some of these emerging issues by recycling, re-purposing of materials and the utilization of new clean energy forms. Expressions Gallery is proud to host the Evelyn Roth Residency co-sponsored by the City of Berkeley, Ca.
